A Sheriff's jury yesterday afternoon found John Travers, sen of the late William R. Travers, to be insens and incapable of managing himself or his property. John Travers is about 87, and is now in the Macy villa at the Blooming-87, and is now in the Macy villa at the Blooming-dale Asylum. He has property valued at about \$500,000, which consists of his interest in his father's estate, a house in Seventh street, and certain securities. Dr. Curtis, the attending physician of the Travers family, testified that John Travers is suffering from general pareads, and is unable to recognize any of the members of his family. He is unable to talk coherently. He requires the constant service of an attendant. The Doctor gave it as his opinion that his patient would never recover.

Dr. Charles H. Nichols, superintendent of the asylum, corroborated the former witness, and said that the patient was somewhat better than he had been, as he was able to feed himself after the food was cut un. He had recognized his mother but ones.

William R. Travers, a brother, said that the family all agreed that the proceedings were necessary. He said that his brother could not talk intelligently, and did not recognize any of the family.

At the same time Hood's Sarsaparilla builds up the whole sys-tem, and makes you fool renewed in strength and health. Be sure to get Hood's.
